

Institute Name

Ultimate Competitive Prep Institute (UCPI)

About Our Institute

UCPI is all about helping students prepare for various competitive exams, especially those for government jobs like FPSC, PPSC, SPSC, KPPSC, BPSC, and more.

Purpose of the Website

1. **Prove Our Credibility:** Show that our institute is authentic and legal.
2. **Attract Students:** Get as many students as possible to visit our website and learn about our institute.
3. **Build a Community:** Encourage visitors to join our WhatsApp group where we can engage with them and show why our institute is the best choice for competitive exam preparation at the lowest possible fees.
4. **Earn from Ads:** In the future, we plan to make money through ads on the website, like Google AdSense.

What Kind of Website We Want

1. **Simple and Open:** The website should be easy to use and not complicated. It should be open for everyone without needing to sign up or log in, just like these websites:
 - <https://testpreparation.com.pk/>
 - <https://academictask.com/>
 - <https://pakmcqs.com/>
2. **Key Features:**
 - **MCQs Section:**
 - We want to upload general and past paper MCQs with answers (either bold or separated).
 - Include an option for quizzes where students can test their knowledge, with a timer for quizzes.
 - Make different sections for each subject related to the exams (like Pakistan Studies, Islamic Studies, Maps, Geography, etc.), with specific MCQs in each section.
 - **Resources Section:**
 - Upload PDF files like current affairs, Pakistan affairs, etc.
 - **Blog/Articles:**
 - Write and upload articles on different subjects related to the exams.
